Church Edit launches it's referral scheme

Church Edit has today launched it's referral scheme rewarding its many customers that refer other organisations to Church Edit and the other Edit products.

The referral scheme applies across the different Edit products:

- Plus Edit (for business)
- Holiday Edit (for holiday homes/bed and breakfasts)
- School Edit (for educational organisations)

The referral scheme will reward referring churches 15% commission on each site, every year. This 15% commission will go towards reducing the Church Edit price of the referring website.

Example: a church refers a business that subscribes to Plus Edit websites at £400pa. 15% commission (£60) goes to the church as money off their Church Edit subscription.

There is no limit to the number of organisations that can be referred to Edit websites, creating the possibility that churches can actually make money from having a Church Edit website if they refer enough organisations.

Terms apply - please see website for more details.
